Dear SA Bullion Client,

PO Box 12092 Mill Street,
Cape Town, 8010

www.sabullion.co.za

BullionGold Facility and HasanaGold Facility Krugerrand Fractional-Ownership Programme

SA Bullion has been running the Krugerrand Fractional-Ownership Programme for South African facility holders. Please see the accompanying e-brochure that sets out all relevant benefits and details.

We are pleased to offer this programme to our existing facility holders who are South African residents and own five Krugerrands or fewer, in their facility. Every client facility contains a component that is the client's own Nedbank call account. For clients entering this programme, their cash in their call account will be applied to investment in this programme.

This service is not an automatic 'add-on' for qualifying SA Bullion facility holders. Should you wish to participate in the programme we require your written instruction. To accept and to give effect to your participation in the Krugerrand Fractional-Ownership Programme please supply details below and return this letter to us.

This programme is offered by SA Bullion as a free service for smaller clients to assist them in gaining gold exposure and to foster participation in ownership of gold in South Africa generally.

Yours sincerely

Imran O'Brien
Chief Operating Officer (COO)

I indicate my acceptance of this Offer as evidenced by my signature and details below:
